A good filter tells its story.

- Since 1953 VTE-Filter has been a trusted supplier and manufacturer.
- We have one of the most extensive warehouses with more than 600,000 filters and all types of spare parts in stock.
- We have a complete database, the FilterFinder®

Every day up to 150 deliveries leave our warehouses to all parts of the world.
The Experts in Filtration and Separation

Air Filters: oil bath filters, pleated elements, demisters, filter foams, air intake filters, oil mist separators, panel filters, wet air filters

Filter Housings: duplex filters, simplex filters, backflushing filters, automatic filters, separators, heating oil filters, centrifuges, split oils

Fuel Filters: filter tubes, filter plates, pleated elements, screen discs, screen fabrics, coarse filters, sintered metal filters, basket filters, es, filtrators

Oil Filters: disc filters, mantle elements, edge type filters, high pressure filters, micro filters, suction filters, mulrifugescartridges

Spare Parts: made in Germany, for filters and separator plants, gaskets, valves, gear

Water Purification: silver candles, sterile filters, activated carbon filters, systems

Water Treatment: sea water filters, water/oil separators, coalescers, bilge water filters, oily water separators (OWS) coalescer pads and many more
Tradition and innovation: the basis of our custom made filters.

- VTE-Filter products are in original quality, ISO certified
- For more than 60 years we have been OEM for leading brand manufacturers
- Our independence, experience and specialised knowledge enable us to provide you with objective advice and customised solutions.
First class logistics:

- Every day up to 150 deliveries leave our warehouses to all parts of the world.
- UPS, FedEx, TNT, DHL Express, Air freight...
Our scope of supply:
- Full Flow Filter Discs
- Diversion Filter Discs
- By-Pass Filter Elements
- Gaskets
- Gasket Sets
- Differential Pressure Indicators
- Filtering Units complete

Compatible with:
- Alfa Laval • Moatti
- IHI
- FF150D/152 FF150/152D
- FM150D/152
- FM150/152DE
- TT150/152

Ultrasonic Cleaning Units

For professional cleaning onboard

Applications:
- Cleaning of fuel and lube oil filter
- Engine parts
- Injection nozzles
- Purifier parts
- Heaters and coolers

Features:
- Stainless steel tank
- Stainless steel housing and rack for solid installation onboard
- Sweep: For the continued shifting of sound pressure maxima
- Degas: Allows the quick degassing of the cleaning liquid
- Boost: For an increased cleaning power by 20%
- Heating: Safe to run dry, quick heating-up, efficient
