Survitec Zodiac and DBC Marine Safety Systems are part of the Survitec Group of companies
www.survitecgroup.com
SurvitecZodiac is a world leader in the design and manufacture of life rafts and enjoys a growing reputation in the development and supply of complete rescue systems.

During 1973, Sibilo was acquired by the Survitec Group and was renamed Survitec Sibilo. The Survitec Group is well renowned for the innovation in Emergency Equipment developed for the various passenger ships, its tested ranges: life rafts and life boats through to Marine Evacuation Systems for large passenger vessels.

When Maurice Mallet founded the original Zodiac company over 100 years ago, he created what today is considered the world’s most highly recognized range of life rafts (SOLAS), direct launched (SLOA) and Open Rescue Inflatable Life Rafts (O.R.I.L.). For a variety of uses and sizes in co-operation with Survitec Zodiac Mini Systems.

Three-way Life Rafts

When FS & P combination ensures any adhesion to the Bow Raft system conforms to regulations in use and incorporates an innovative mechanism to Stowage Cassette and the Survitec Zodiac Three-way Life Rafts always one step ahead. An intensive R & D program ensures any new designs are introduced for immediate use.

Deck Launched Life Rafts

Special design for passenger vessels and cruise ships where the inflatable is stowed in front of the vessel and inflated and towed behind the vessel on a connection between the two. An extensive range include: 10, 16, 18, 20, 25, 31, 37, 50 and 100 person Life Rafts.

O.R.I.L. Life Rafts

The Survitec Zodiac O.R.I.L. (Open Rescue Inflatable Life Rafts) are launched very quickly, effortlessly and without any operating manual or automatic electric switches. A lifeboat is then inflated and deployed into the Life Raft O.R.I.L.

M.O.R. Life Rafts and Life Boats

Mounted near the evacuation point, Life Raft O.R.I.L. are launched very quickly, effortlessly and without any operating manual or automatic electric switches. In the inflatable is then inflated and deployed into the Life Raft O.R.I.L.

Evacuation Systems

Survitec Zodiac SOLAS Marine Evacuation Systems are suitable for use between 1:50 and 20 metres above.
