Greetings to Customers!

Tomas Corporation Ltd. has been growing constantly as leader of marine engine spare parts supplier since its establishment in Jun. 2006.

The strength of our company,
1. We are always maintaining close contact with engine makers and subsidiary factories in Korea.
2. We can provide one-stop service to our customers with good quality parts at reasonable prices.
3. Our company is composed of professional engineers so we can solve the technical problems with a systematic approach.

We are dedicated to provide a professional, efficient service tailored to the specific needs of our customers.
Tomas Corporation Ltd. will become the world best company and global top supplier of marine industry under customer’s confidence and satisfaction.
