

OCEAN-FLOAT-8 STRONG

compliant

SPECIFIC APPLICATIONS

towing lines offshore lines
 mooring lines mooring tails

TECHNICAL DATA

design: 8-strand braided
material: PES high tenacity multifilament and POLYS fibres
floating: yes
UV resistance: outstanding
abrasion resistance: outstanding
durability: outstanding
dry and wet conditions: identical wet and dry conditions

THE OCEAN-FLOAT-8 STRONG

very high tensile strength rope in comparsion with standard ropes, which allows to use ropes with smaller diameters which require less storage space

Ø mm	rope weight kg/m	MBL Mp	MBL kN
32	0,69	28,4	278,0
36	0,80	35,2	345,0
40	0,97	42,5	417,0
44	1,12	49,2	482,0
48	1,28	55,7	546,0
52	1,49	62,5	613,0
56	1,69	72,7	713,0
60	1,90	81,2	796,0
64	2,11	90,4	886,0
68	2,46	104,6	1025,0
72	2,67	115,8	1135,0
76	3,15	134,1	1315,0
80	3,48	147,7	1448,0
