## WHY CHOOSE LANDA'S PDE

The PDE is a heavy-duty, electric powered, cold water pressure washer unit offering six models with cleaning power of up to 3000 PSI.

**QUALITY:** Only the highest quality components are used on the PDE, including a Landa high-pressure pump with limited 7-year warranty, industrial-duty motor, durable steel frame and insulated point-and-shoot wand for cleaning effectiveness. In addition to being certified to the rigid UL-1776 safety standards, the PDE has a 24-inch hose guard for burst protection and pictogram operating instructions for owner liability assurance.

**CONVENIENCE:** There are a number of features that make the PDE especially popular with users who seek to reduce their cleaning time. For instance, there are handles on both front and back for easy vehicle loading as well as a handy hose-and-gun holder. The two tubed, pneumatic tires make for easy maneuvering in any terrain and there are two shock-absorbing rubber feet to keep the PDE from "walking" while in operation.
