WE ARE PARTECH!

Partech AS is certified as a Parker Premier distributor. We have a long experience with hydraulic components and systems for a range of applications within different markets.

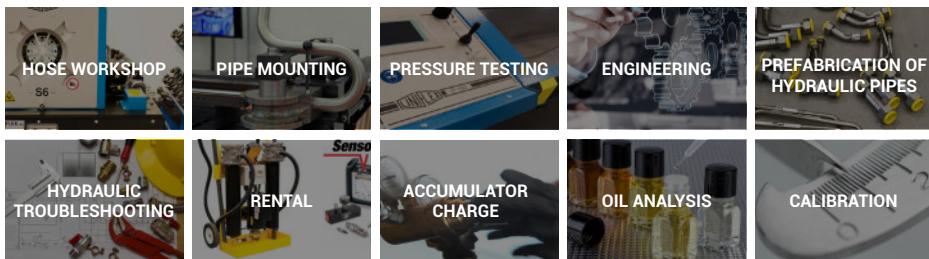

By collaborating closely with our customers, we always try to find the optimal solutions based on time, price and quality.

We deliver products within hydraulic, pneumatic, filtration and connectors. In addition we offer technical support for choosing suitable products, hydraulic design systems, assembly of hydraulic hoses, prefabrication of tubing, and more. Our product selection is mainly from a world-leading producer, Parker Hannifin, however we also offer products from other known manufacturers.

WHY CHOOSE PARTECH?

- High quality products from a world-leading producer – Parker Hannifin
- Large inventory with over 4000 different products
- Broad competence within hydraulics, pneumatics, filtration and connectors
- Good web solutions with our online store – High focus on cost-efficient solutions
