# Dräger is an international leader in personal safety equipment supporting professionals around the world since 1889.

## GAS DETECTION DEVICES

### Dräger Pac 5500

Longer assignments are its speciality: the single gas instrument, Dräger Pac 5500, has no lifetime limitation, and is ideal for fast and accurate personal monitoring and the detection of carbon monoxide, hydrogen sulphide or oxygen.

### Dräger X-am 2500

The Dräger X-am 2500 was especially developed for use as personal protection. The 1 to 4 gas detector reliably detects combustible gases and vapours, as well as O<sub>2</sub>, CO, NO<sub>2</sub>, SO<sub>2</sub> and H<sub>2</sub>S. Reliable and fully mature measuring technology, durable sensors and easy handling guarantee a high degree of safety with extremely low operating costs.

### Dräger X-am 5600

Innovation in the palm of your hand. Dräger X-am 5600 Unprecedented protection from the market's smallest, infrared-capable, six-gas personal monitor.

### Dräger X-am 7000

Dräger X-am 7000 is the innovative solution for the simultaneous and continuous measurement of up to five gases. A combination of more than 25 sensors allows flexible solutions to individual monitoring tasks. It is the ideal companion in a variety of applications where the reliable detection of oxygen, toxic and combustible gases and vapors is necessary.

### Dräger Short-Term Detector Tubes

Tried and tested a million times: worldwide, the Dräger short-term tubes have proven to be a very cost-effective and reliable method for the measurement of gases. Decreasing occupational exposure values, special customer requirements and new legal regulations made it necessary to develop even more sensitive Dräger-Tubes.

### Dräger-Tube pump Accuro

Fast measurement with one hand: The Dräger-Tube pump accuro allows you to use the established Dräger-Tubes to take measurements under extreme conditions. The easy-to-use Dräger-Tubes have already been calibrated and form a perfect unit with the Accuro pump.

### Calibration gas and accessories

Strictly to rule: For the safe operation of devices, applicable regulations and statutory provisions are to be met and complied with. Therefore, regular calibrations and function tests are necessary. Available for that are different systems, which meet a wide range of calibration requirements.

## ALCOHOL SCREENING DEVICES

### Dräger Alcotest 6810

With its large data memory, the Alcotest 6810 provides a quick and accurate breath alcohol analysis for professional users. This instrument is listed on the National Highway Traffic Safety Administration Conforming Products List (NHTSA CPL) as an Evidential Breath Tester for Department of Transportation applications.

With the aim to offer you continuously innovative safety solutions, **POSEIDON Marine Supplies** is an **official distributor** and **the exclusive, authorized service station** of all **Dräger** personal protection equipment in Greece and Cyprus. ## PERSONAL PROTECTION EQUIPMENT

### Dräger X-pect Series

State-of-the-art protective spectacles and goggles - this is the new Dräger X-pect protective eyewear collection: Combining the best possible wearer's comfort, high safety and an attractive design, providing special protection for the most important sensory organ: your eyes.

### Dräger X-plore 1700

Breathe cool, stay safe: Dräger X-plore 1700 makes breathing easy and comfortable. The CoolSAFE™ filter material ideally combines low breathing resistance and high filter performance in one mask. And the CoolMAX™ valve efficiently releases humid and warm exhaled air to the outside. This makes breathing particularly easy and keeps you cool under the mask.

### Dräger X-plore 3300

Practical use and comfort: Dräger X-plore 3300 offers both and additionally excels by its economical and low maintenance use.

### Dräger X-plore 4300

Low weight - great economy: Dräger X-plore 4300 single filter half mask.

### Dräger SPC 3800

Splash protection from head to toe. The protective overalls SPC 3800 prevent contact with solid & liquid chemicals & are primarily used in industry & shipping. SOLAS approval: The chemical protective overalls SPC 3800 (Splash Protective Clothing) are approved according to the category Type 3 (liquid-tight) & in accordance with SOLAS.

### Dräger X-plore 6300

Double and triple safety. The Dräger X-plore 6300 meets stringent requirements with regard to reliability, secure fit and comfort. An economical full-face mask for professional use in industry.

### Dräger PAS Lite

For use in industrial applications where a simple, robust and easy to use breathing apparatus is required, the Dräger PAS Lite Self-Contained Breathing Apparatus (SCBA) combines reliability with comfort & performance.

### Dräger Saver PP

The Saver PP constant flow Emergency Escape Breathing Apparatus allows safe, effective and easy escape from hazardous environments. Simple to put on and featuring automatic operation, this positive-pressure breathing device features an integrated full-face mask and can be used in conjunction with other safety equipment such as ear protectors or helmets.

## TotalCare Solution

is a complete, cost-effective,  
**3 or 6 year coverage**  
for your company's needs  
in **gas detection** devices  
and relevant **spare parts**.

This solution is addressed to all the work areas that under international and national laws are obliged, to comply with the relevant safety measures for personal protection (chemical industry, Tankers, LPG, LNG, oil companies, etc).

It is fully adaptable to your fleet's individual needs and it features replacement of old equipment with brand NEW Dräger devices, 24/7 technical support for all matters and fixed annual fee per vessel, therefore no surprising costs.
