

## CHAIN SHACKLES – Carbon Steel

- All shackle pins are forged from alloy steel, heat treated and tempered to give greater strength.
- All shackles are marked with size (inches and millimeters) and Working Load Limit in tons.
- Ultimate strength equals 5 times Working Load Limit.  
Proof load equals 2.2 times Working Load Limit.
- These shackles meet requirements of Federal Specification RR-C-271D Amendment 1.
- Galvanized per ASTM A153.
- All bolt, nut & cotter shackles have thread protected ends.
