

UNIVERSAL COUPLINGS

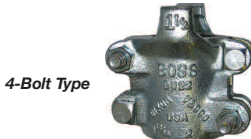

Description: Brass, Malleable Iron or Stainless Steel. Washer seal between two quick-acting heads. All have same-size attaching heads regardless of hose size. Fingers lock together with quarter turn of rotation.

Application: Especially recommended for use on air hose; can be used on water hose (medium or low pressure). Attach to hose with interlocking clamps or banding.

ACCORD INTERNATIONAL, INC.

CAM AND GROOVE

Operation of Cam & Groove: To connect, slide the adapter into the coupler and with normal hand pressure, press the cam arms down.

To uncouple, lift the cam arms and remove the adapter.
