

## SPANJAARD LIMITED

**LECTRO KLEEN NON-FLAMMABLE**

A most sophisticated NON-FLAMMABLE electrical contact cleaner for use where fire hazard or explosive conditions exist.

- Check compatibility with plastics before use.
- High di-electric strength.
- Electronics: computers, PC boards, relays.
- Electrical: switches, electro-mechanical devices.
- Telecoms: TV, transceivers, connectors.
- Radar, navigational equipment.

|              | <u>Prod. Code</u> | <u>Pkg.</u> |
|--------------|-------------------|-------------|
| 430g aerosol | 52 340 400        | 12          |

**LECTRO KLEEN**

A most sophisticated electrical contact cleaner. Fast drying leaving no residue. Will not attack plastics.

- Electronics: computer, PC boards, relays.
- Electrical: switches, electro-mechanical devices.
- Telecoms: TV, transceivers, connectors.
- Radar, navigational equipment.

|               | <u>Prod. Code</u> | <u>Pkg.</u> |
|---------------|-------------------|-------------|
| 200ml aerosol | 52 340 150        | 24          |
| 400ml aerosol | 52 340 401        | 12          |

**MECHANIC BLUE**

Engineering high-spot locator. A blue paste for locating high-spots on mating surfaces such as bearings and shafts. High-spots will be shown as bright streaks when shaft is turned in the bearing.

- Gear meshing and alignment.
- Correct valve seating.
- Differential wear pattern locator.
- Critical contact areas.

|                  | <u>Prod. Code</u> | <u>Pkg.</u> |
|------------------|-------------------|-------------|
| 30g plastic tube | 52 500 100        | 60          |

**OPEN GEAR & WIRE ROPE SPRAY**

Aerosol for lubrication of smaller open gears and wire ropes. Economical, high-performance, adhesive lubricant. Black in colour. Contains MoS<sub>2</sub>.

- For use in spur, helical, worm-drive gears and open gears under high load conditions.
- Reduces gear chatter and will not affect gear tolerances.
- Penetrates deep into the core of the rope ensuring protection and continued lubrication of the wire strands against fretting corrosion.

|               | <u>Prod. Code</u> | <u>Pkg.</u> |
|---------------|-------------------|-------------|
| 350ml aerosol | 52 911 400        | 24          |

**SILICONE PASTE**

Pure non-drying silicone lubricant. Non-conductive, water-resistant, colourless and non-staining.

- NSF Certification category H1.
- Lubricant for refrigerator door seals, swimming pool rubbers and seals, plastic gears and mechanisms.
- Seals electrical equipment against the ingress of moisture, prevents electrical leakage and short circuiting.

|                   | <u>Prod. Code</u> | <u>Pkg.</u> |
|-------------------|-------------------|-------------|
| 100g plastic tube | 53 731 100        | 24          |
| 500g tin          | 53 740 500        | 24          |

**SPARK (MULTI-PURPOSE LUBRICANT)**

- Water and moisture displacer: from engines, outboard engines, electric motors, starter motors, ignition systems, distributors, spark plugs, etc.
- Cleans and protects against corrosion: for firearms, tools and fishing tackle, etc.
- Lubricates: locks, latches, hinges, blinds, curtain rails, chains, office chairs, window mechanisms, etc.

- Penetrates and releases: to free tight or rusted nuts, bolts, locks, linkages, etc.
- Di-electric strength of up to 38,000 volts.
- 360° valve technology allows spraying at all angles, including upside down.
- Contains no silicone.

|                                | <u>Prod. Code</u> | <u>Pkg.</u> |
|--------------------------------|-------------------|-------------|
| 150ml aerosol                  | 53 780 150        | 24          |
| 300ml aerosol (two-way nozzle) | 53 780 300        | 24          |

**SPARK (NON-FLAMMABLE)**

NON-FLAMMABLE multi-purpose lubricant for use where fire hazard or explosive conditions exist.

- Water and moisture displacer: from engines, outboard engines, electric motors, starter motors, ignition systems, distributors, spark plugs and industrial equipment, etc.
- Cleans and protects against corrosion: for firearms, tools, fishing tackle and industry, etc.
- Lubricates: locks, latches, hinges, blinds, curtain rails, chains, office chairs, window mechanisms and industrial equipment, etc.
- Penetrates and releases: to free tight or rusted nuts, bolts, locks, linkages, etc.
- Di-electric strength of up to 38,000 volts.
- Contains no silicone.

|                               | <u>Prod. Code</u> | <u>Pkg.</u> |
|-------------------------------|-------------------|-------------|
| 500g aerosol (two-way nozzle) | 53 781 500        | 24          |

**WR BEARING GREASE**

Red coloured high quality, extreme pressure grease with extremely high adhesion properties.

- For water (hot or cold), sea water and steam conditions.
- Suitable for lubrication of plain, needle, ball and roller bearings of all types – slow to medium speeds.
- Fortified with rust and oxidation inhibitors.
- Has a great resistance to water.

|                       | <u>Prod. Code</u> | <u>Pkg.</u> |
|-----------------------|-------------------|-------------|
| 400g grease cartridge | 55 100 400        | 24          |
| 500g tin              | 55 100 500        | 24          |
| 5kg tin               | 55 100 005        | 4           |
| 15kg keg              | 55 100 015        | 1           |

**WIRE ROPE DRESSING 1345**

High quality wire rope dressing containing specific anti-fretting and anti-corrosion additives.

- Tacky semi-synthetic lubricant specially developed for wire ropes in marine & industrial equipment.
- Penetrates deep into the core of the rope ensuring protection and continued lubrication of the wire strands against fretting.

|          | <u>Prod. Code</u> | <u>Pkg.</u> |
|----------|-------------------|-------------|
| 15kg keg | 51 345 015        | 1           |
