## Portable Stored Pressure Fire Extinguishers

Manufactured to meet UL's rigorous standards for commercial hazard protection and backed by the manufacturer's warranty. Features Include: Rechargeable; Anodized metal & brass valve assemblies for superior strength and corrosion resistance; Industrial grade steel & aluminum cylinders with polyester powder coating designed to withstand harsh environments & rough usage; Metal pull pins, vehicle brackets and wall hooks for extended unit service life; Extinguisher nameplate incorporates bilingual operating and maintenance instructions (English/Spanish or English/French); Extinguishers have model and serial number bar coding for easy and accurate maintenance history.

**Altair 4X Multi Gas Detector**  
With replaceable sensors & batteries.  
Includes data logging, charger,  
calibration cap & tubing.

Model No. 10107602 (LEL, O<sub>2</sub>, CO, H<sub>2</sub>S)  
Model No. 10110403 (LEL, O<sub>2</sub>, CO)  
Model No. 10110444 (LEL, O<sub>2</sub>)

## Hemi Light

The ACR Auto HemiLight2™ attaches to almost any style life jacket. It is smaller than other approved lights and features rounded edges to maintain inflation bladder integrity in inflatable jackets. The all new LED light activates when in contact with salt or fresh water and can be deactivated by sliding the switch to the off position. Installation is quick and simple with the all new Dragon Clip™ which provides secure retrofit attachment to almost any style life jacket in a matter of seconds.

## MSA Firehawk SCBA

FireHawk® Air Masks represent a true technological achievement in critical personal protection. The design includes the seven life-saving safety requirements needed to meet the new NFPA 1981 and 1982-2007-edition standards. Built on a modular Air Mask platform and developed to exceed the new NFPA 2007 requirements, the Firehawk provides firefighters with the highest-quality SCBA currently available.

## Stearns I-160 Life Vest
