Filter for Full Face Mask, ABEK-P3 Type

Acid gases and vapors, e.g. sulfur dioxide, hydrogen fluoride, formic acid, solid and liquid radioactive and toxic particles, bacteria and viruses.

Code.....72712

Full Face Mask Promask for Filter Use

A multi-function full face mask provides unrivalled comfort and protection against a wide variety of respiratory hazards. Filters not included.

- The respirator features a unique, contoured T-profile sealing edge for superior fit
- Sweat port in the chin pocket provides added comfort during extended periods of wear
- The special inner mask reduces CO₂-content (<0.5%) within the mask to a minimum, thereby decreasing user fatigue
- The design prevents the visor from misting by directing the airflow across the visor
- The positioning of the filter reduces the likelihood of neck strain and permits good downward visibility
- The halo-butyl compound of the Promask black provides unmatched resistance to chemicals, ozone ageing, and to daily wear and tear
- All valves are made from flexible, long-life silicone
- Highly efficient speech diaphragm provides clear communication

Code.....72716

GasTight Chemical Suit Interceptor

It's a suit for your needs be it gas, vapor, aerosol, liquids, harmful contaminants or particulate protection.
