100% COTTON MERCERIZED & TWICE PRE-SHRUNKED

Fishermen's Jackets and trousers

Fishermen's Jackets and Trousers have a 0.35mm double PVC coating on the inside of the fabric to make it 100% waterproof and on the outside to provide extra durability. Even fish blood and grease are fairly easy to clean.

Instead of seam stitching, the different garment parts are "glued" as a second security to make it 100% waterproof. The LALIZAS Fishermen gear is designed to minimize the possibilities for nets to get caught while working. They feature full front flapped zipper and inner hand cuffs. The pants have a high bib at the front and back with elastic adjustable belt straps with buckle closure.
