

❑ Charge air coolers (Main / Aux Engine)

100% compatible with original maker

30,000+ heat exchanger records

Fast turnaround

2 year warranty

NOX compliant

Scrappage Scheme (offset costs)

Cleaning / testing / repair / re-core

❑ Onboard / Onsite Retubes

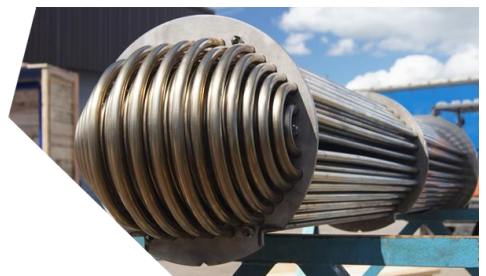

AMI heat exchanger engineers travel the globe for onboard or site retubes for:

- Freshwater Evaporators
- Steam Dump Condensers
- Chillers
- Onboard survey when required

❑ Shell and Tube coolers

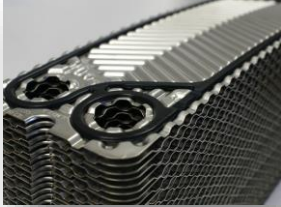

- Lube Oil Coolers
- Jacket Water Coolers
- Fuel Oil Heaters
- Steam Drain/Dump Condensers
- Hydraulic Oil Condensers
- Steam Heater

AMI: 30+ Years Heat Exchanger Specialists

❑ Plate coolers (Main and Aux Engine)

Plates / Gaskets / Complete coolers:

100% compatible with original maker

All makers and models inc:

Alfa Laval

APV / SPX

Dong Hwa

GEA / Kelvion

Sondex / Danfoss

Tranter

Fresh Water Generators

❑ Bespoke designed coolers

Latest thermal heat exchanger design programs

Purpose built coolers

Various fin grades and material options available
