

Description

Cabinet for hydraulic control of quick closing valves. Standard painting of cabinet RAL 7035.

Variants

Cabinet: stainless steel 1.4301 (AISI 304) or 1.4404 (AISI 316).

Options

Fittings for steel or copper piping.

Material

No.	Part
1	Cabinet of painted mild steel
2	Plate
3	Housing
4	Oil level glass
5	Piston
6	Lever
7	Emergency instruction

Material

No.	Part
8	Breakable window
9	Hammer
