QUALITY ASSURANCE • SERVICE EXCELLENCE • COST EFFECTIVENESS

WORLDSHIP is a well-established and growing supplier of marine engine spares and its auxiliary parts, air compressors, oil purifiers, turbo charges and other space parts required for ships.

With the inevitable worldwide increase in the number of aged ships in operation today, the emphasis now is to minimize operational and maintenance costs while at the same time keeping vessels in good operational conditions.

WORLDSHIP continues to reflect a strong focus on supplying reliable product. While builders and designers of ship, engines and equipment constantly strike to create better systems for new ships, existing vessels will always require.

Our company was formed since 1990 and our mission has remained firm – to provide our customers with the most complete line of spare parts for ships & we have the resources and capability to provide quality services to all our customers.
