

INSTITUTIONAL PRESENTATION EXPORTADORA SÃO FRANCISCO

WHO ARE WE?

Exportadora São Francisco is a general supplier with a solid trajectory since 1990. Throughout these decades, we have maintained our commitment to deliver each order with agility, excellence, and the attention our clients deserve.

Founded by Iran Machado Heleno, the company is now run by his family, who work together to ensure the continuity of his legacy and the sustainable growth of the business. We are constantly investing in infrastructure and innovation, seeking to provide a high-level experience to our partners and clients.

We are a company with personalized service and planned logistics, committed to providing fast and efficient support while respecting deadlines and the specific needs of each client.

OUR VALUES

What drives us every day is a clear purpose: to be the trusted partner that ensures the supply of materials with total excellence. More than just delivering products, our goal is to offer personalized solutions, understanding the specific needs of each vessel to guarantee a safe and efficient operation for all the segments in which we operate.

We do this based on values that are not just on paper, but in our daily practice. Tradition has given us experience, but it is our commitment to quality, ethics, and transparency that builds the future. We believe in partnerships and loyalty, treating every client and supplier with the utmost respect. For us, exceeding your expectations is not a goal—it is the starting point.

And to ensure all this happens in the best way, our focus on improvement is constant. We invest in the training and appreciation of our team, with that in mind, we are finalizing the implementation for the ISO 9001 certification. In the end, our greatest commitment is to your satisfaction, always ensuring safety, compliance with regulations, and the assurance of a job well done. This is our essence.

OUR ASSOCIATIONS

- **ABFN** – Associação Brasileira de Fornecedores Navais
- **IMPA** – International Marine Purchasing Association
- **ISSA** – International Shippers & Service Association

COMMITMENT TO A BLUER OCEAN

We participate in the IMPA Save program, which evaluates and certifies the environmental and social performance of companies in the sector based on international sustainability standards.

This certification motivates us to adopt more responsible practices and pursue continuous improvements in our processes, focusing on environmental preservation and collective well-being.
