What We Offer To Our Customers

NEW & NEVER USED

Comprehensive selection of factory OEM components across a broad range of categories, ensuring top tier quality and fast delivery

SURPLUS

Surplus Obsolete: Extend the life of legacy systems by sourcing hard-to-find, discontinued parts

Surplus Non-Obsolete: Access like-new, in-stock current parts at competitive prices with industry leading lead times

SELL US YOUR PARTS

Radwell's **Sell Us Your Parts** program helps customers monetize idle equipment, free up space and stay green

RADWELL VERIFIED SUBSTITUTES (RVS)

Fit, form, function alternatives to popular OEM products that meet or exceed factory specifications, providing substantial cost savings

REPAIRS / ENGINEERING SERVICES

Extensive repair and engineering capabilities across electronics and automation, enabling customers to extend asset life and optimize performance.

ASSET LIFECYCLE ANALYTICS (ALA)

A detailed evaluation of your facility that uncovers aging and obsolete components, highlights critical risks and provides actionable strategies to improve uptime and reduce maintenance costs.
