

Wave Marine – Classification Approvals & Marine Safety Services Portfolio

Company: Wave Marine Services Unipessoal, LDA

Location: Sines, Portugal

Website: <https://wavemarin.com/>

Email: geral@wavemarin.com

Marine safety service capability

Wave Marine provides class-approved marine safety services for vessels and offshore units, with documented approvals covering lifesaving appliances, launching appliances, release gear, fire-fighting systems, breathing apparatus and related safety equipment. The company supports shipowners, ship managers and procurement teams requiring reliable inspection, maintenance, operational testing, overhaul and repair services.

Main approved service areas

| Service area | Scope covered |
|--|--|
| Lifeboats and rescue boats | Maintenance, thorough examination, operational testing, overhaul and repair of lifeboats, rescue boats and fast rescue boats |
| Launching appliances and release gear | Inspection, servicing, overhaul and repair of davits, winches, on-load release gear and automatic release hooks |
| Fire-fighting equipment and systems | Inspection and maintenance of fixed and portable fire-extinguishing equipment and systems, including CO2, foam, dry powder, fire alarm and detection systems |
| Breathing apparatus | Inspection and maintenance of SCBA, EEBD and related breathing apparatus equipment |
| Inflatable lifesaving equipment | Service of inflatable liferafts, inflatable lifejackets, hydrostatic release units and marine evacuation systems, where covered by class approval |

| Bureau Veritas | LBN0/PVS/20230505115632 | Breathing apparatus, SCBA, air escape sets and EEBDs | 20 Apr 2026 |
| Korean Register | HDOFI-0033-24 | Fire extinguishing equipment and systems; self-contained breathing apparatus | 31 Mar 2027 |

Manufacturer and equipment coverage highlights

Approvals and certificate appendices include service coverage for major lifesaving appliance and davit manufacturers such as **Fassmer, Hatecke, Global Davit, HLB / Hyundai Lifeboats, BADA Heavy Industries, Oriental Precision & Engineering** and **Zhejiang Hengxin Ship Equipment**, according to the respective certificate schedules.

Buyer value proposition

Wave Marine is positioned to support maritime buyers that require class-recognized technical capability, documented compliance and responsive service for vessel safety equipment. The company's approvals support procurement decisions involving maintenance planning, vessel attendance, class survey preparation and safety-critical equipment servicing.

Notes

This portfolio is a summary for buyer orientation. Official validity, scope, conditions and detailed manufacturer coverage are governed by the original classification society certificates and appendices.
