

AL BARAKA
SHIPCHANDLERS L.L.C

“We **believe** in
long-term
relationships
built upon
understanding
and **trust**”

Uncompromising standards uninterrupted voyages

At Al baraka ship chandlers, we are more than a link in the supply chain. We define reliability for the global maritime community. Built on reliability, precision, and unwavering service, we deliver high-grade provisions, technical stores, and bonded goods across all UAE and Oman ports and anchorages, driven by a zero-failure mindset that keeps every vessel ready for uninterrupted operations.

Our vision

To emerge as a global leader in ship chandler services by building partnerships with the leaders in the maritime industry and constructing service lines by delivering quality products.

Our mission

Promising value-based and customer-centric service to our clients and guarantee them a healthy, safe and sustainable work environment with timely delivery of quality products.

Pipes, Sheets, Tubes
& Fittings, Valves,
Flanges & Bearings

Welfare Items

Electrical Stores and
Pneumatic Tools

Packing & Jointing,
Welding & Machinery
Equipment

The Al baraka distinction

Strategic global reach

Seamlessly operating across all major ports and anchorages in the UAE and Oman to provide localized logistics with international standards. Our comprehensive network ensures that regardless of where your vessel is positioned, our supply chain remains synchronized and responsive to your immediate needs.

Zero-downtime commitment

A 24/7 rapid-response infrastructure designed to eliminate delays and ensure your vessel's operational continuity. We recognize that time is a vessel's most valuable asset, which is why our logistics are engineered to move at the pace of the global fleet, ensuring swift turnarounds without compromising safety.

Certified sourcing excellence

An expansive inventory strictly aligned with IMPA, ISSA, and KERGER standards, guaranteeing genuine quality for every store and provision. Our procurement strategy involves rigorous vetting and quality-control audits to ensure that every technical component and provision meets the highest international maritime benchmarks.

Principle-led partnership

A relationship-driven approach built on transparency and ethical service, prioritizing your vessel's long-term performance above all else. We operate as a dedicated extension of your onshore team, fostering a culture of mutual trust and absolute accountability in every transaction.

End-to-end fleet support

From high-grade provisions and technical engine spares to specialized bonded goods, we offer a single-source supply solution. This capability allows fleet managers to consolidate their requirements, simplifying the procurement process through one reliable point of contact.

Future-ready logistics

By integrating modern supply chain technology with traditional maritime expertise, we provide real-time updates and seamless coordination. This ensures that even the most complex multi-category orders are delivered with total accuracy and transparency.

Our core values

Ethics & accountability

Setting the standard for corporate responsibility through absolute transparency and ethical conduct in every transaction.

The 'Q' factor

Driving the continuous evolution of our maritime services by embedding a rigorous quality-centric approach into every function.

Teamwork founded on trust

Achieving excellence through a culture of mutual faith, empowering our collective talent to reach shared goals.

Visionary leadership

Serving as industry torchbearers by steering our organization toward a future of innovation and sustainable growth.

Beyond the horizon, Beside your fleet

Consistently exceeding expectations is the true measure of our success

Serving all ports and anchorages across the UAE and Oman.
