# Introduction to Force Cooling

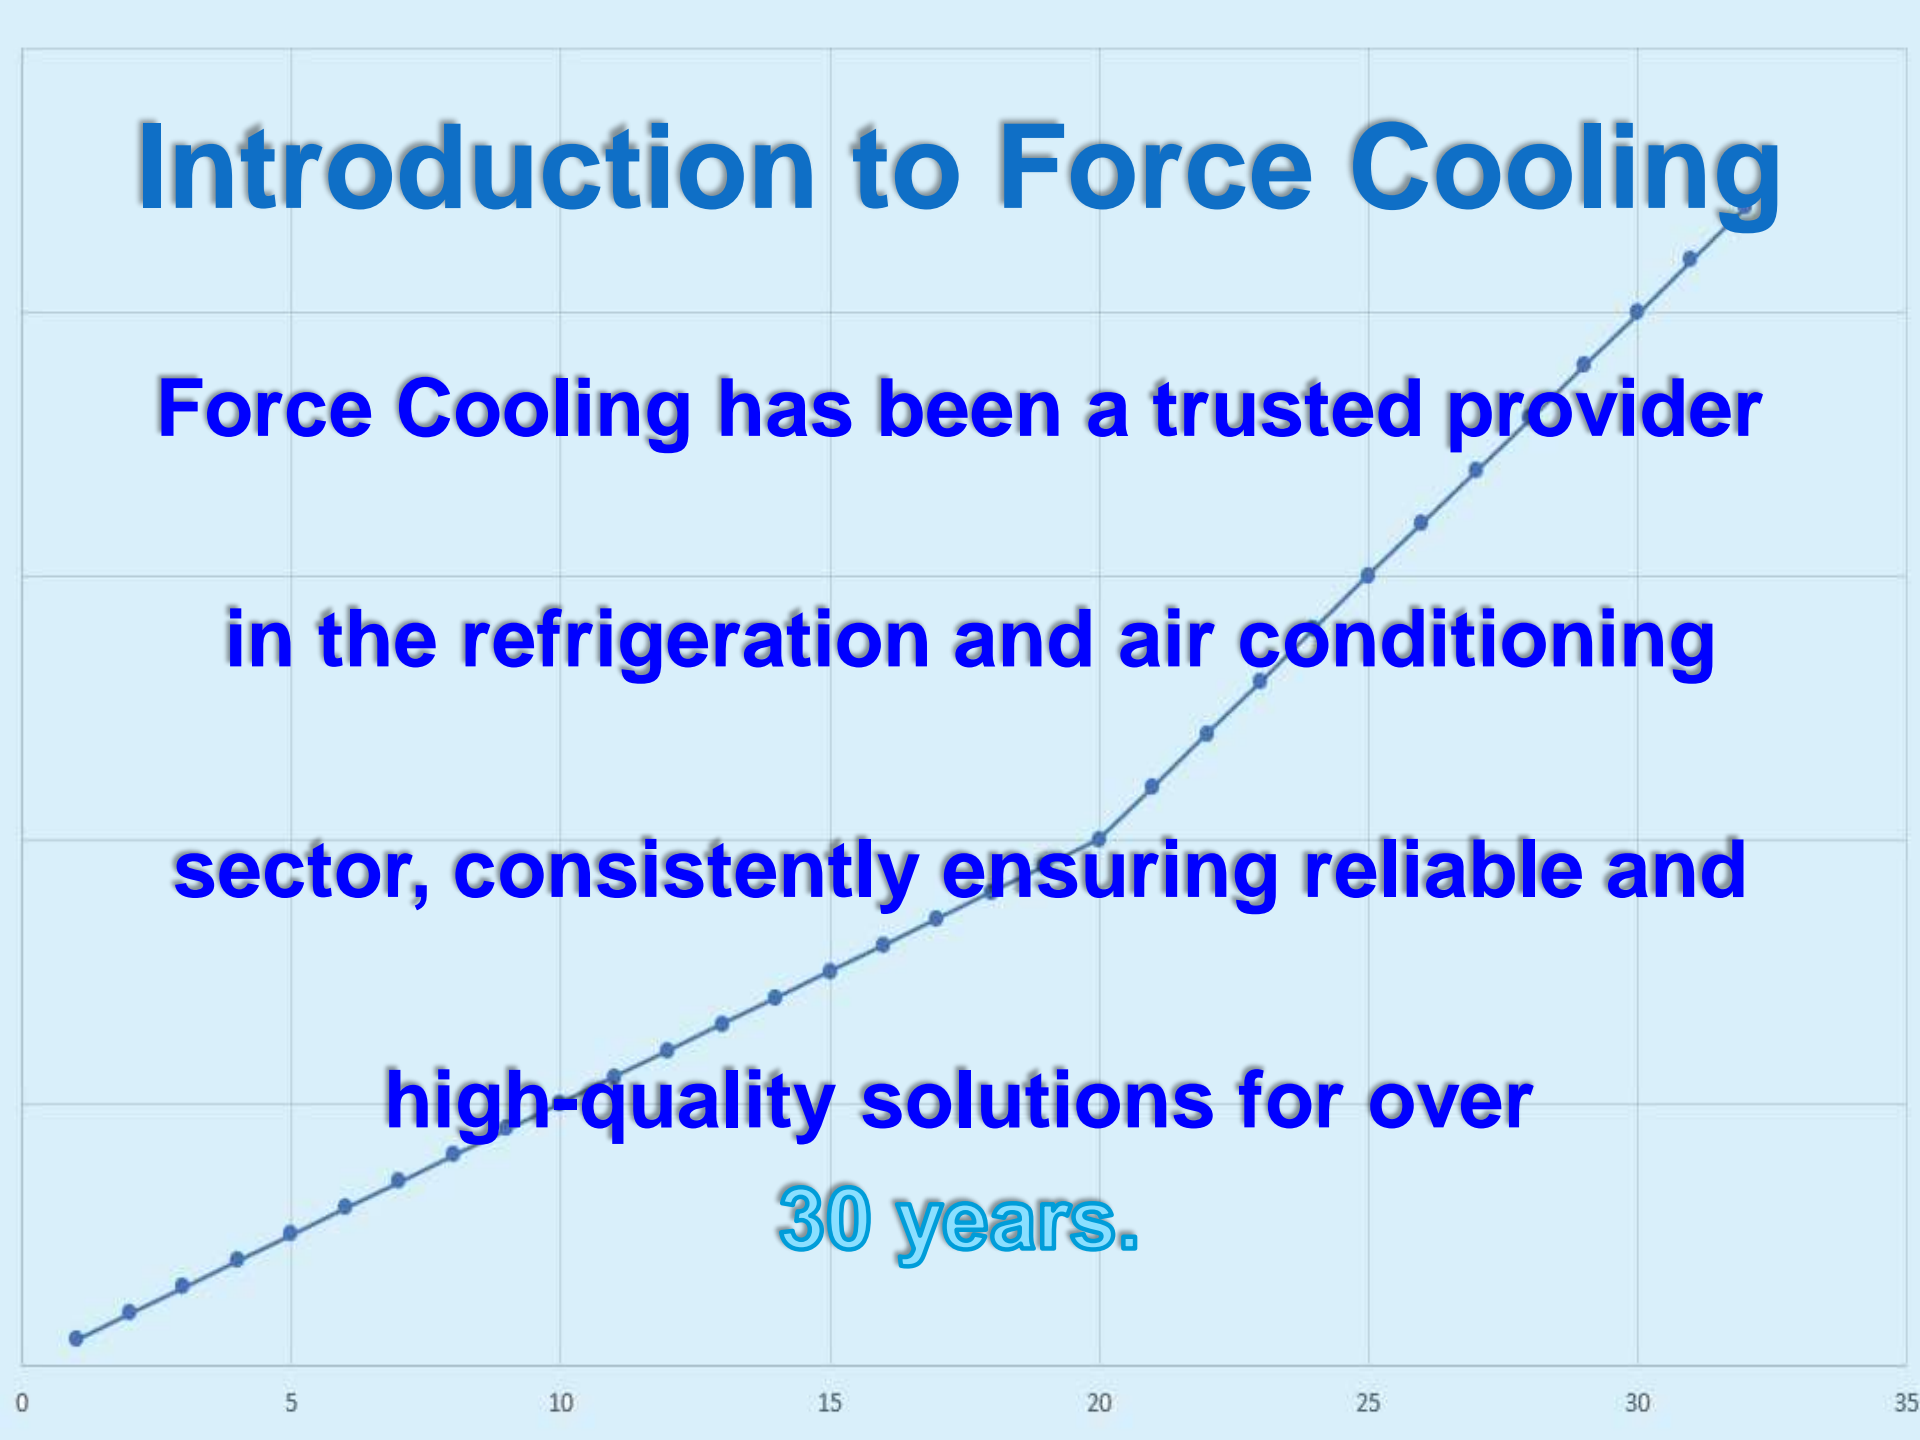

**Force Cooling has been a trusted provider**

**in the refrigeration and air conditioning**

**sector, consistently ensuring reliable and**

**high-quality solutions for over**

**30 years.**

# **Extensive Experience in Industry and Maritime Sectors**

- We Guarantee Optimal Cooling and Air Conditioning performance for all types of onboard systems, Ensuring Efficiency and Reliability Across Operations.**
- We Deliver Comprehensive Cooling and Air Conditioning Solutions Tailored to Meet the Needs of every Industrial System, Ensuring optimal Performance.**

# **Our Strength Lies in Our Experience**

- **From the: Smallest Screw**

**To the Most Complex**

**Air Conditioning and Refrigeration  
Systems Solutions.**

# Key Strengths of the Company -1-

- **Timely and Efficient Respons**
- **On-Time Delivery of Orders.**
- **Authentic and Compatible Spare Parts for all Units and Systems.**

**Market Competitive Pricing.**

# Key Strengths of the Company -2-

- **24/7 Repair & Support, Guaranteed 365-Day Availability.**
- **Worldwide Presence and Extensive Assistance Solutions.**
- **Compliance with Deadlines.**

# Technical Services

- **Inspection**
- **Maintenance**
- **Repair**
- **Fabrication**
- **Installation of Air Conditioning and Refrigeration Systems.**  
From basic systems to solving complex technical challenges.
- **Annual Service Contracts for Facility Maintenance & Repairs**

# Overhauling

The background of the slide is a photograph of various metal compressor components. In the foreground, there are several large, circular valve covers with multiple bolt holes around their perimeters. Behind them, several pistons with rings are visible, along with other smaller metal parts. The parts are arranged on a light-colored wooden surface. The overall image is slightly faded and has a blue tint, serving as a background for the text.

- **We are Specialized in Executing the Essential Process of Compressor Overhauling thereby Guaranteeing the Long-Term reliability and peak Performance of your Equipment.**

# Refrigerant Conversion Service

A technician wearing a white short-sleeved shirt and blue gloves is working with a refrigerant conversion machine. The machine is blue and has various gauges and hoses. A copper tank is connected to the machine. The background is a blurred indoor setting, possibly a kitchen or a commercial space.

**Upgrade of Cooling Systems with New  
Eco-Friendly Refrigerant**

**Ensure Enhanced Energy Efficiency and  
Reduce System Environmental Footprint**

# Air Conditioning and Cooling Systems -1-

- **Compressors: Scroll, Screw, Open, Hermetic, and Semi-hermetic types.**  
(New or refurbished).
- **Compressor Spare Parts:**  
Bock, Bitzer, Sabroe, Daikin, Carrier, Carlyle, Mitsubishi.

# Air Conditioning and Cooling Systems -2-

- **Evaporators: Natural Circulation.**
- **Evaporators: Forced Circulation.**  
Manufactured in various sizes and capacities.
- **Water-Cooled Condensers:**  
Suitable for Saltwater & Freshwater Applications, 3 to 900 kw
- **Air-Cooled Condensers:**  
A wide range available from 30 to 900kw.

# Air Conditioning and Cooling Systems -3-

- Air Dryers
- Axial and Centrifugal Fans.
- Air Conditioning Units of All Types:  
Split Cassette Marine (50-60Hz).

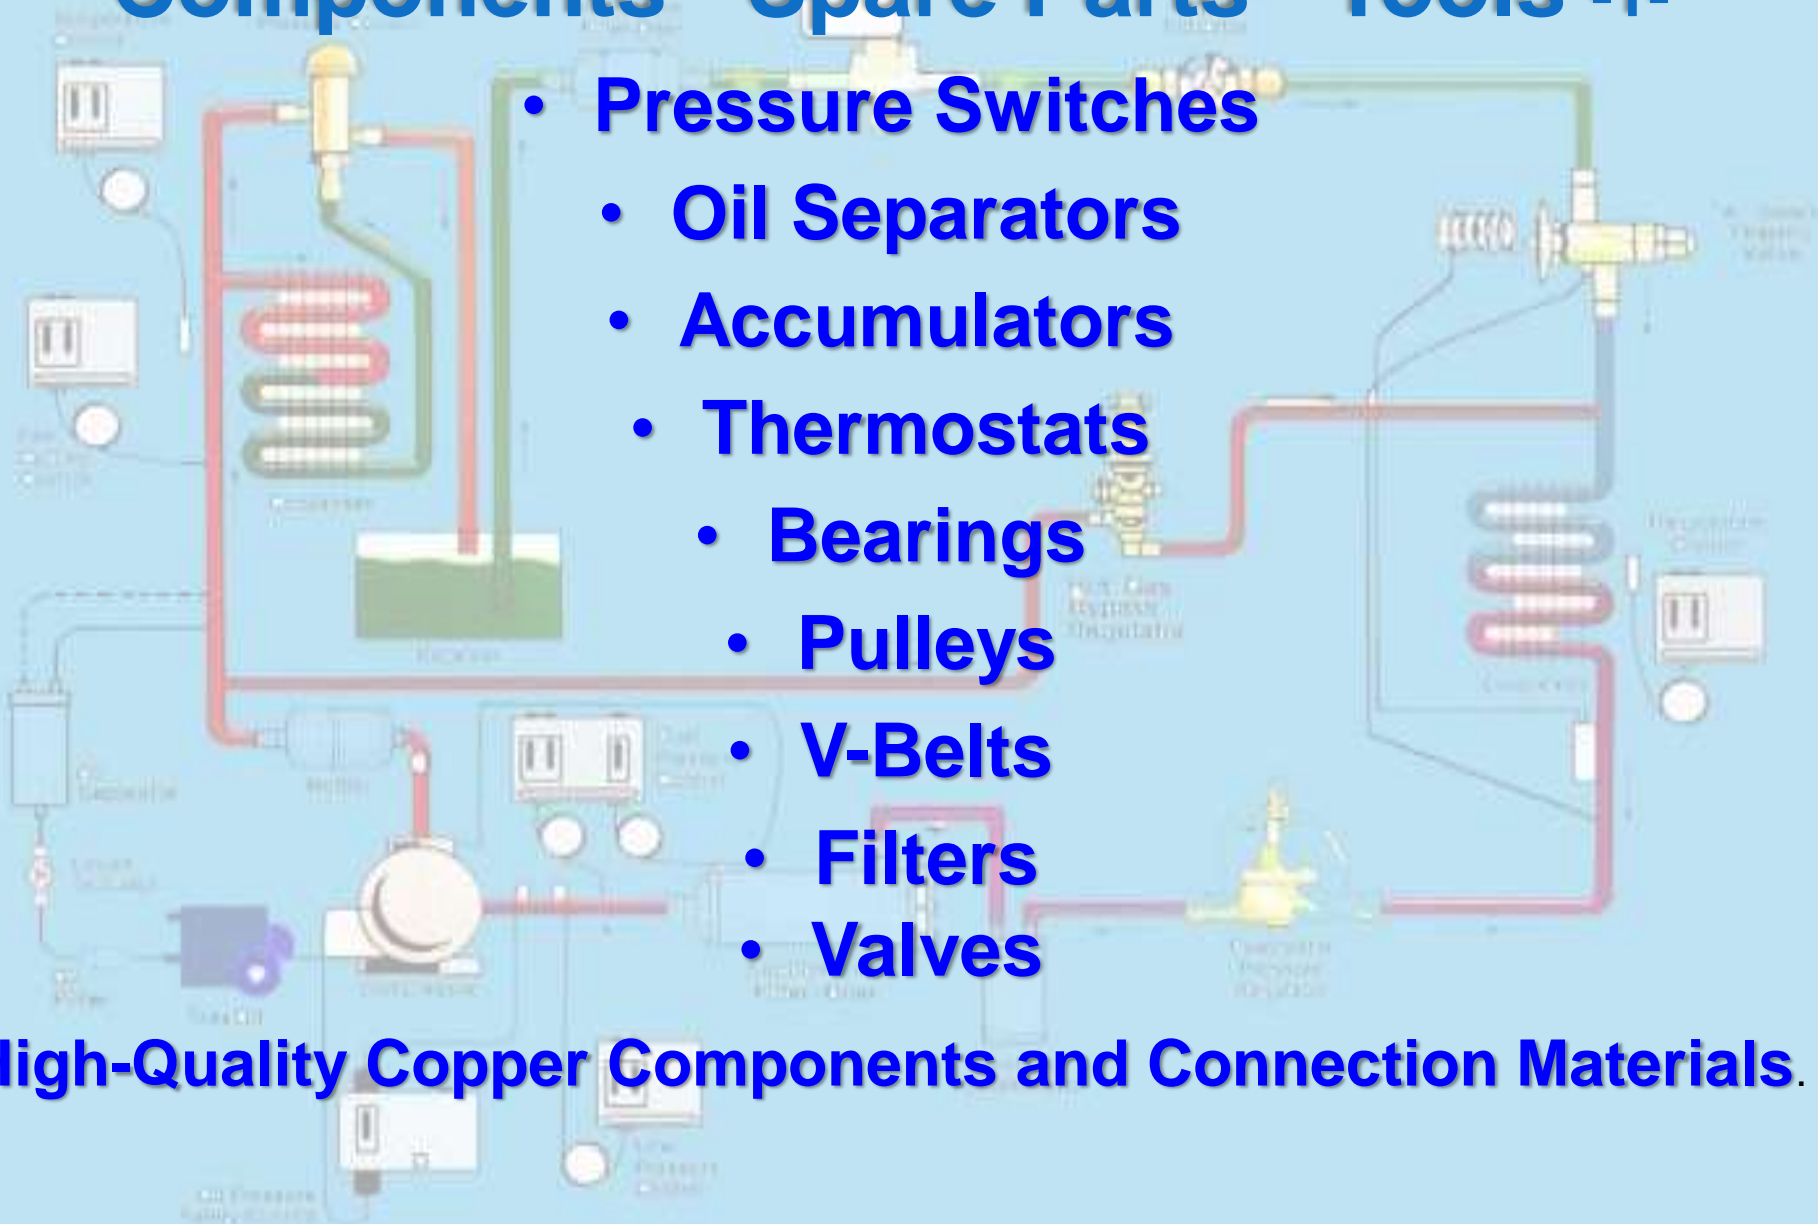

## Yachts

Advanced Cooling & A/C Systems for  
comfort and Efficiency

# Components - Spare Parts - Tools -1-

- Pressure Switches
- Oil Separators
- Accumulators
- Thermostats
- Bearings
- Pulleys
- V-Belts
- Filters
- Valves

**High-Quality Copper Components and Connection Materials.**

# Components - Spare Parts - Tools -2-

- Vacuum Pumps
- Leak Detectors
- Refrigerant Recovery Units

# Electrical Materials & Equipment

- **Special Air Conditioners for Electrical Panels.**
- **Defrost Resistors and Wiring.**  
Available in Various Sizes and Power Levels.
- **Transformers, Relays, Capacitors Timers.**  
Schneider, Hyundai
- **Motors, Pumps, Marine-Type Cables.**

We support all power networks: 110V, 220V, 440V, as well as 50/60 Hz frequencies.

# Consumables - Refrigerants

- **Wide range of refrigerant options.**
- **Suitable for all professional applications.**

# Consumables - Lubricants

- **High-performance lubricants.**
- **Optimized efficiency.**
- **Superior operation.**
- **Market Competitive Price.**

# Conclusion

## Force Cooling Is:

- Your Trusted Solution for Advanced Cooling and Air Conditioning.

## Evidence of Excellence

- A Proven Legacy of Enduring Performance.
- Long-Standing Partnerships with Premier Shipping and Industrial Companies.

## Reach Out to Us

- We Eagerly await your Initial Inquiry, so we can Establish a Solid and Enduring Partnership.

# The 5 Steps of Communication

**01** Submission of Request by the Shipping Company via Email.

**02** Confirmation of Receipt of the Request.

**03** Sending the Quotation to the Client within 1-2 Days.

**04** Acceptance of the Quotation by the Client.

**05** Monitoring the Process until Final Delivery and Receipt of Goods.

A photograph of a wooden boat's deck at sunset. In the foreground, a large, polished wooden steering wheel with a brass center is prominent. To its left, a large wooden spar is rolled up with a brown cover and secured with ropes. The boat's hull is made of reddish-brown wood. The background shows a calm body of water reflecting the golden light of the setting sun, with a dark treeline on the horizon under a cloudy sky.

We sincerely appreciate the honor and attention you have given to the presentation of our company
