

# Meyer Re

THE CENTRAL HUB  
FOR ALL MEYER GROUP  
SERVICES

# THE CORE OF MEYER RE

MEYER RE is the central hub for all MEYER Group services. We provide a comprehensive range of shipyard services to third-party customers, with our subsidiaries' entire service portfolio centrally coordinated through us. This eliminates the need for customers to interact with multiple entities, offering a streamlined experience and seamless access to all MEYER services. Additionally, we facilitate the engagement of third-party companies when required. We provide our customers with comprehensive solutions from a single source under a single brand.

# THE CORE OF MEYER RE

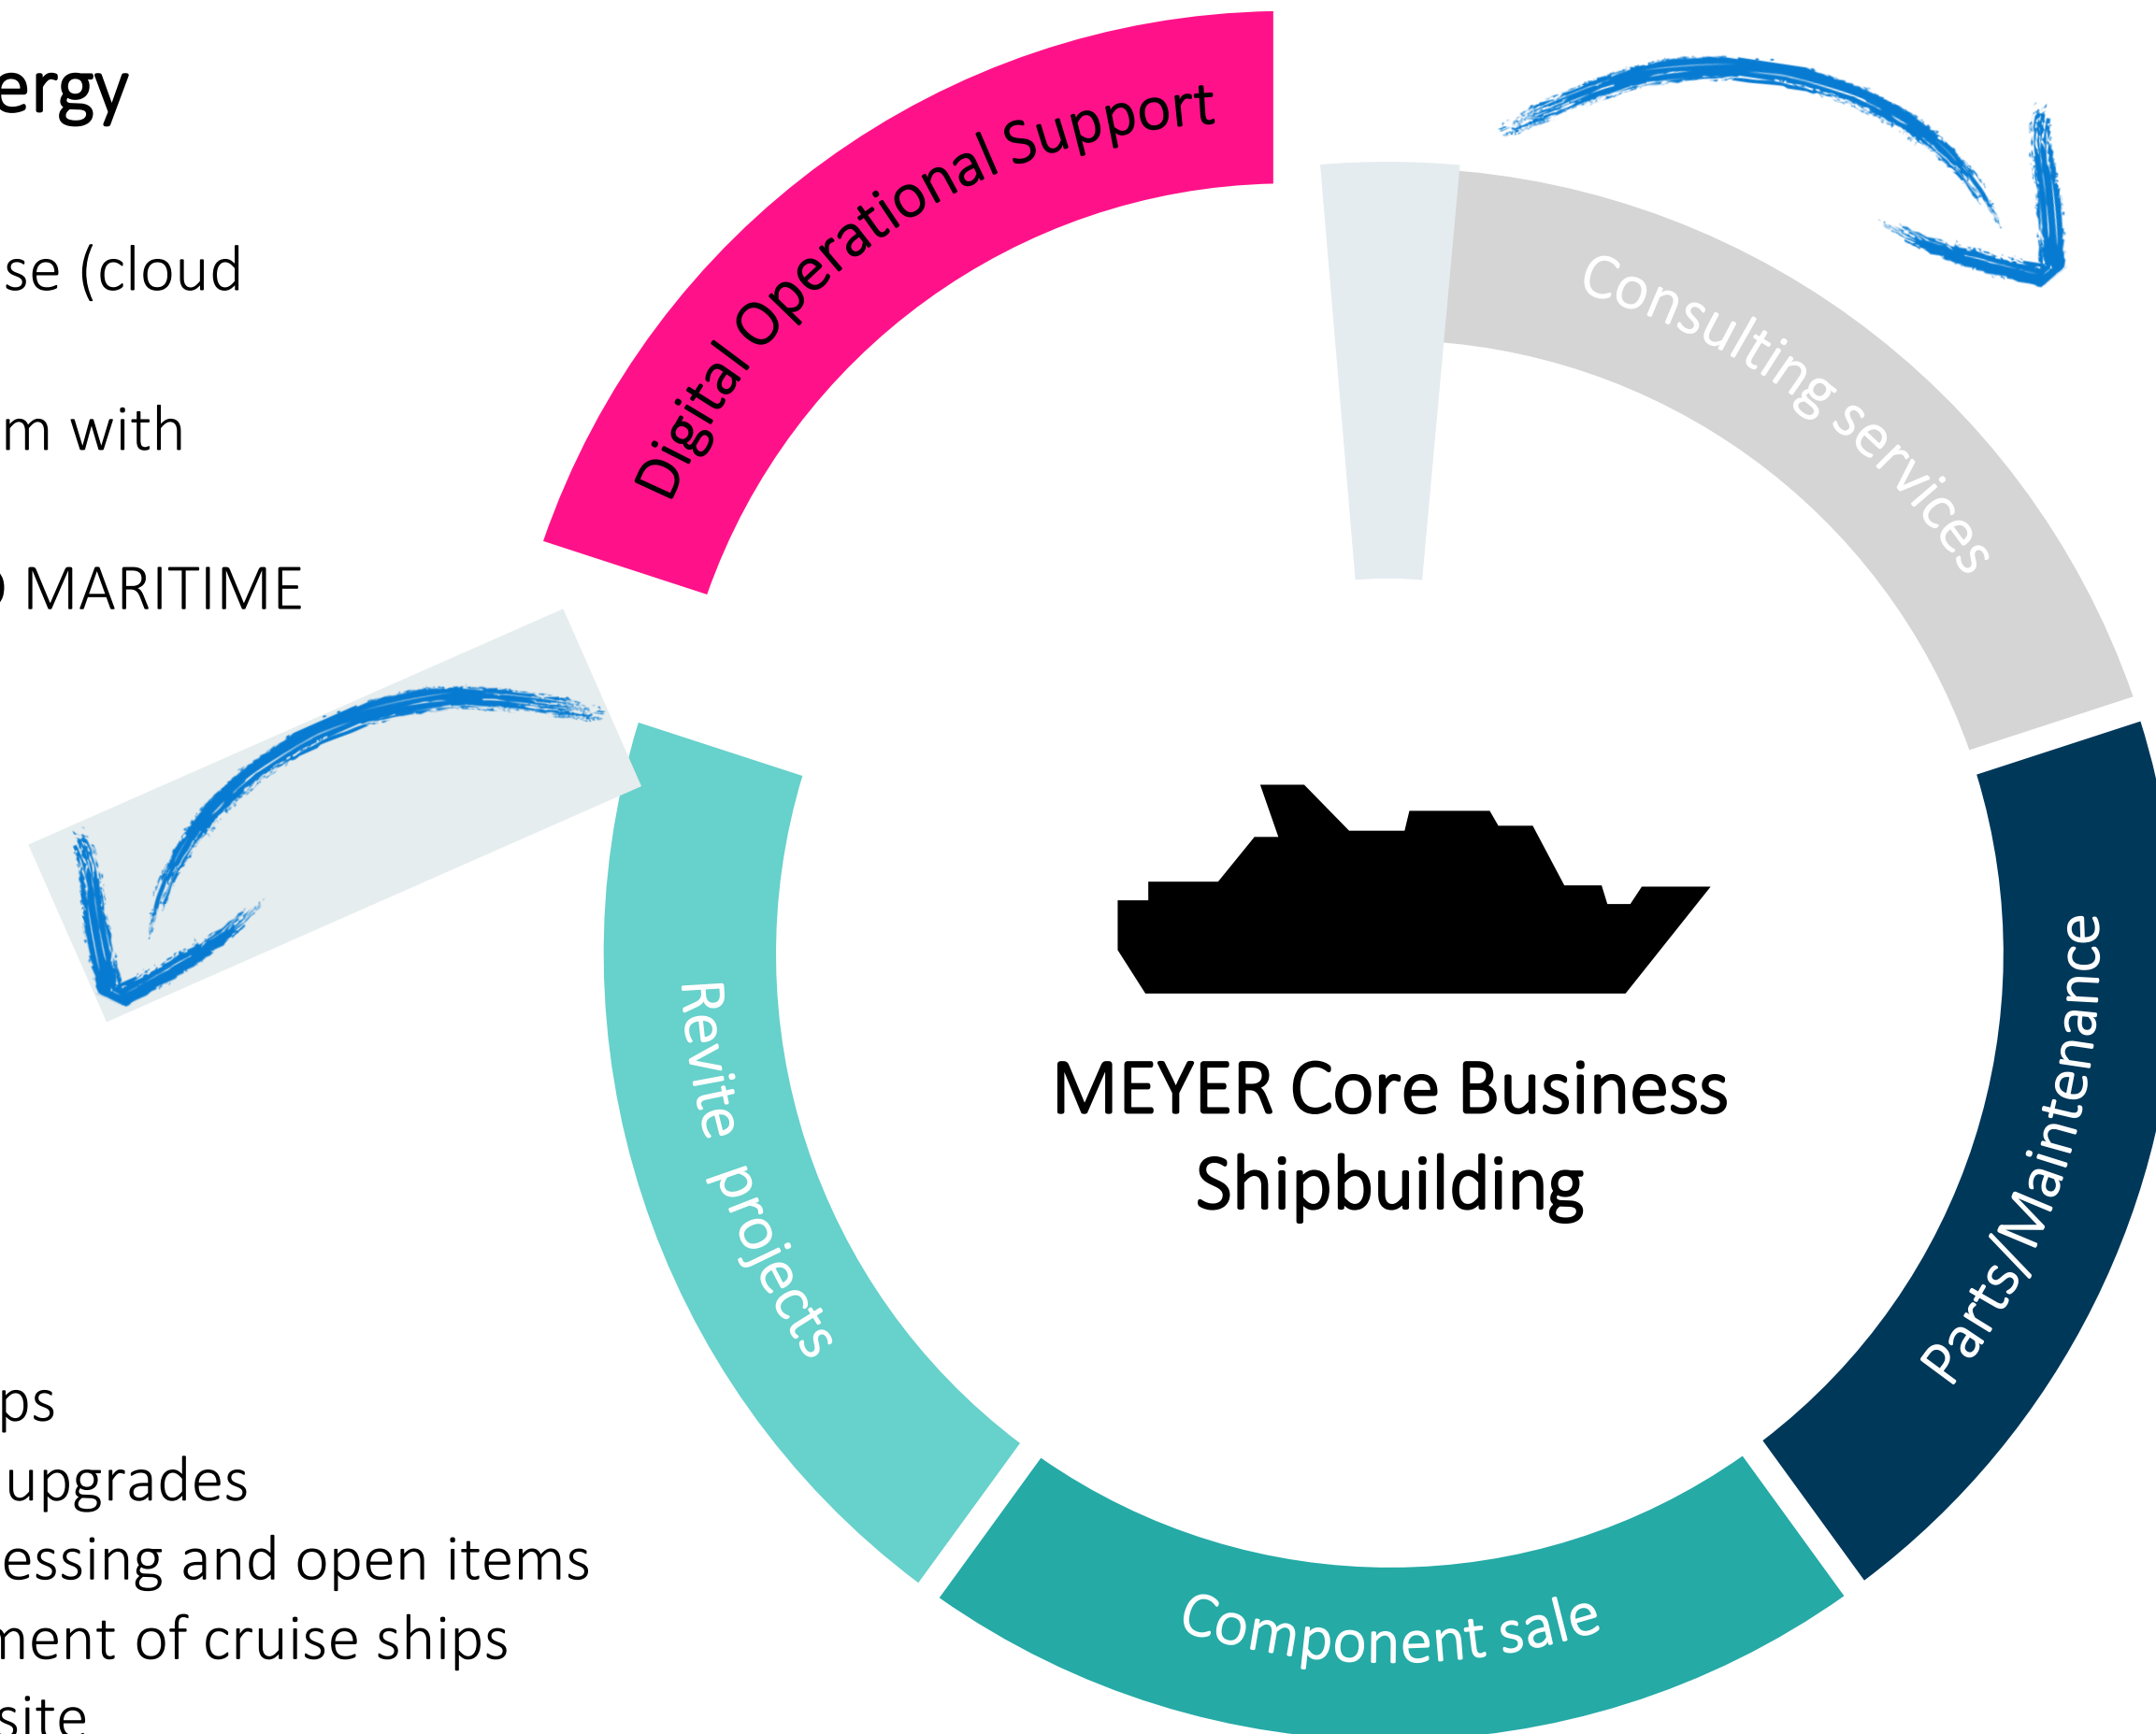

## Continuous analysis of energy consumption in service

- Support of APP Part database (cloud based)

# COMPETENCE RUNS IN THE FAMILY

Meyer Competence Cluster

- **Maintaining & Upgrading:** MEYER REFIT specializes in maintaining cruise ships and upgrading outdated technology and interiors. Our services cover engines, HVAC systems, interior design, and onboard technology. With the expertise of the entire MEYER GROUP, we can fully overhaul ships and prepare them for the future.
- **Custom Design Changes:** Whether the customer has specific ideas or seeks inspiration, MEYER REFIT offers tailored solutions. From major redesigns to subtle modernizations, we bring creative ideas to life with a focus on quality and attention to detail.
