**ONE RELIABLE PARTNER IN HEAT TRACING SOLUTIONS**

nVent provides heat management solutions to a wide range of industrial markets: oil & gas production, transport and storage, petrochemical, chemical, pharmaceutical, manufacturing, power, mining, ...

- 1 Anti-icing & de-icing
- 2 Heating of subsea transfer lines
- 3 Frost Heave prevention of cryogenic LNG tanks
- 4 Long line heating with STS skin effect systems & pre-insulated pipes
- 5 Leak detection with TraceTek detection systems
- 6 Tank insulation with Trac-Loc vertical lock seam systems
- 7 Tank heating
- 8 Process temperature maintenance
- 9 Pipe freeze protection
- 10 Pre-traced, pre-insulated tubing for instrumentation & sample lines
- 11 Control & Monitoring with Raychem systems
- 12 Power distribution
- 13 Fire & performance wiring
- 14 Comfort & Safety heating

**LONGLINE HEATING**
