A SAFER, SMARTER STANDARD IN VESSEL PROTECTION

Palaemon Maritime delivers the
maritime industry's first fully managed
anti-piracy barrier service. We manage
the entire lifecycle so your crew can
focus on operating the vessel.

NO HIGH CAP-EX

NO LONG-TERM STORAGE

NO HASTLE

INCREASE CREW PRODUCTIVITY

- Installed once
- Ready for every deployment
- Compatible with port and STS operations
- BMP MS compliant

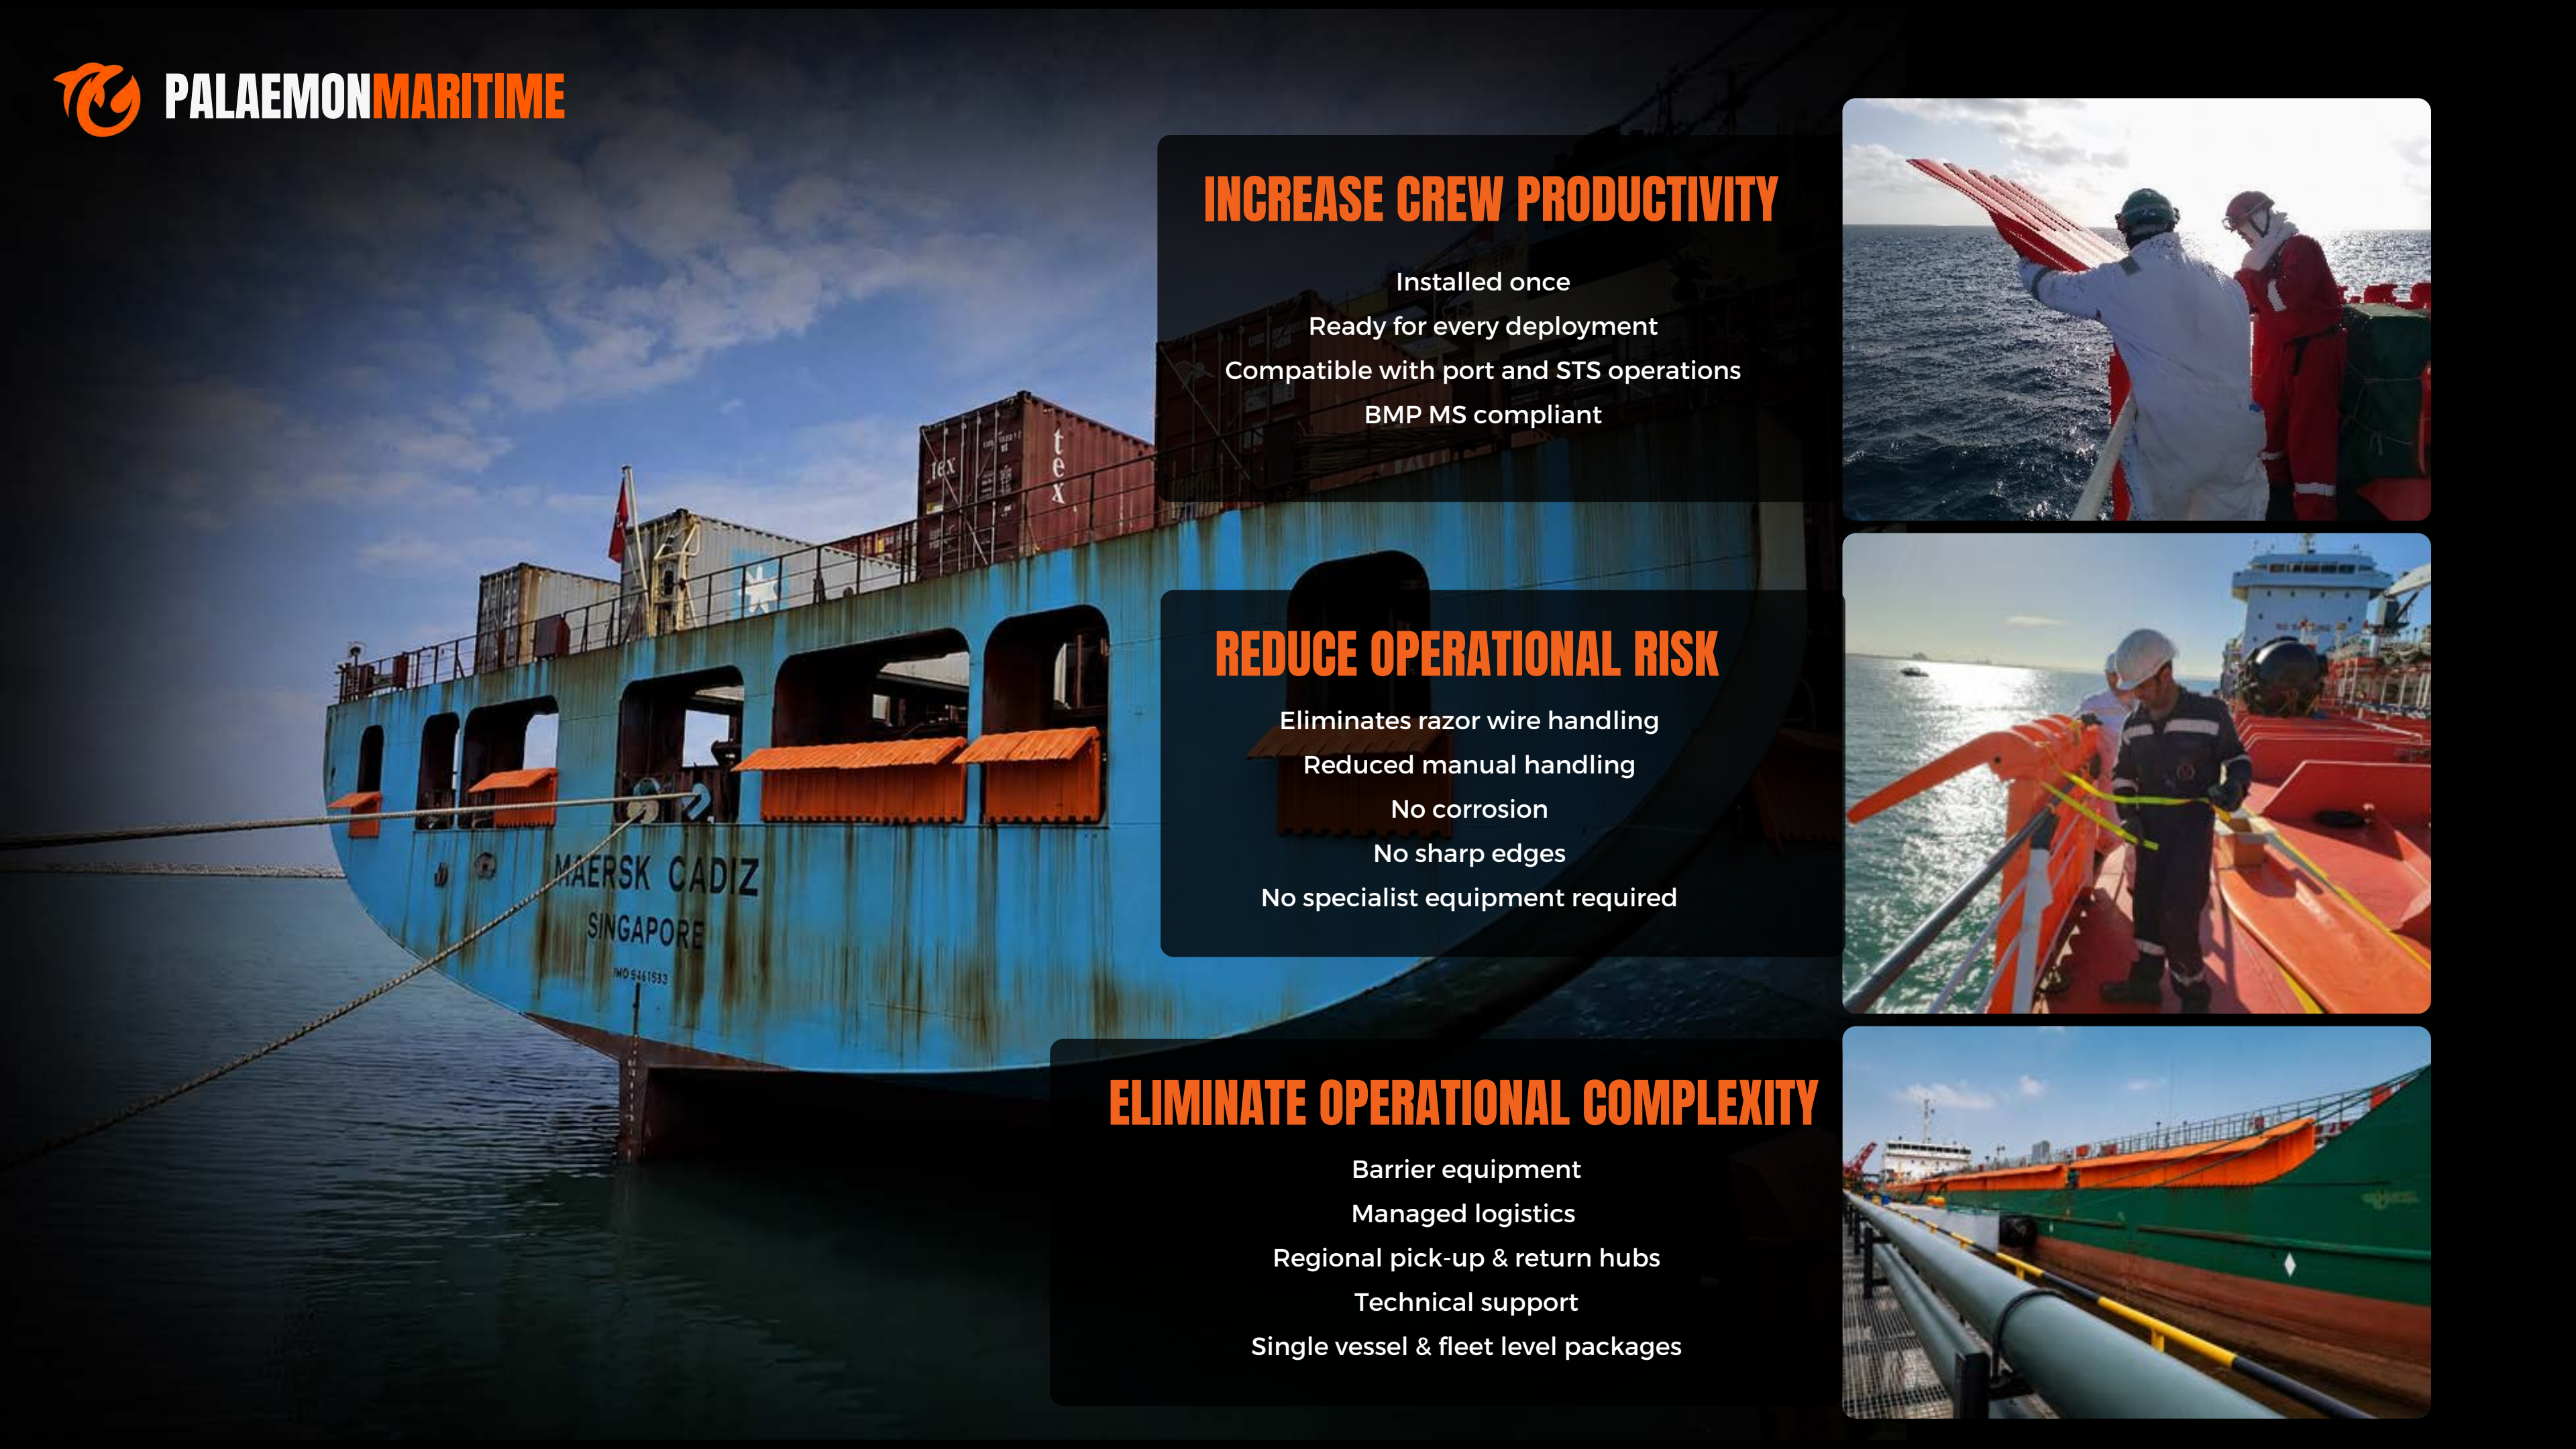

REDUCE OPERATIONAL RISK

- Eliminates razor wire handling
- Reduced manual handling
- No corrosion
- No sharp edges
- No specialist equipment required

ELIMINATE OPERATIONAL COMPLEXITY

- Barrier equipment
- Managed logistics
- Regional pick-up & return hubs
- Technical support
- Single vessel & fleet level packages

PALAEMON**MARITIME**

Already trusted by leading oil majors and global fleet operators, Palaemon is helping redefine the standard for physical anti-piracy protection.

TRADITIONAL ANTI-PIRACY EQUIPMENT

- ✗ Inconsistent deployments
- ✗ Purchase equipment
- ✗ Storage, maintenance, and resupply
- ✗ Labour-intensive installation
- ✗ Razor-wire handling and risks
- ✗ Pre- and post-port disruption

PALAEMON MANAGED SERVICE

- ✓ Reliability - engineered for the marine environment
- ✓ Consistent vessel hardening across fleets
- ✓ Delivered where and when you need it
- ✓ Fast, easy, SAFE installation
- ✓ No razor wire
- ✓ Multiple pick-up and return ports
- ✓ Lower disruption, better vessel readiness

TRUSTED BY

SHELL, Chevron, Maersk and ADNOC and more...

THE BENIFITS THAT MATTER

INCREASE CREW PRODUCTIVITY
