## Company Overview

Hussain Al Khair Trading Co. is a trusted ARAMCO-approved supplier, delivering premium food, marine, and essential products to a wide range of industries. Based in Saudi Arabia, we proudly serve onshore and offshore facilities, hotels, catering companies, hospitals and medical care facilities, and commercial establishments. Our sourcing network includes dependable farmers, skilled fishermen, and reputable manufacturers who share our commitment to freshness, quality, and safety. With advanced warehousing, a dedicated fleet, and a professional team, we ensure every order is delivered with precision, reliability, and on time.

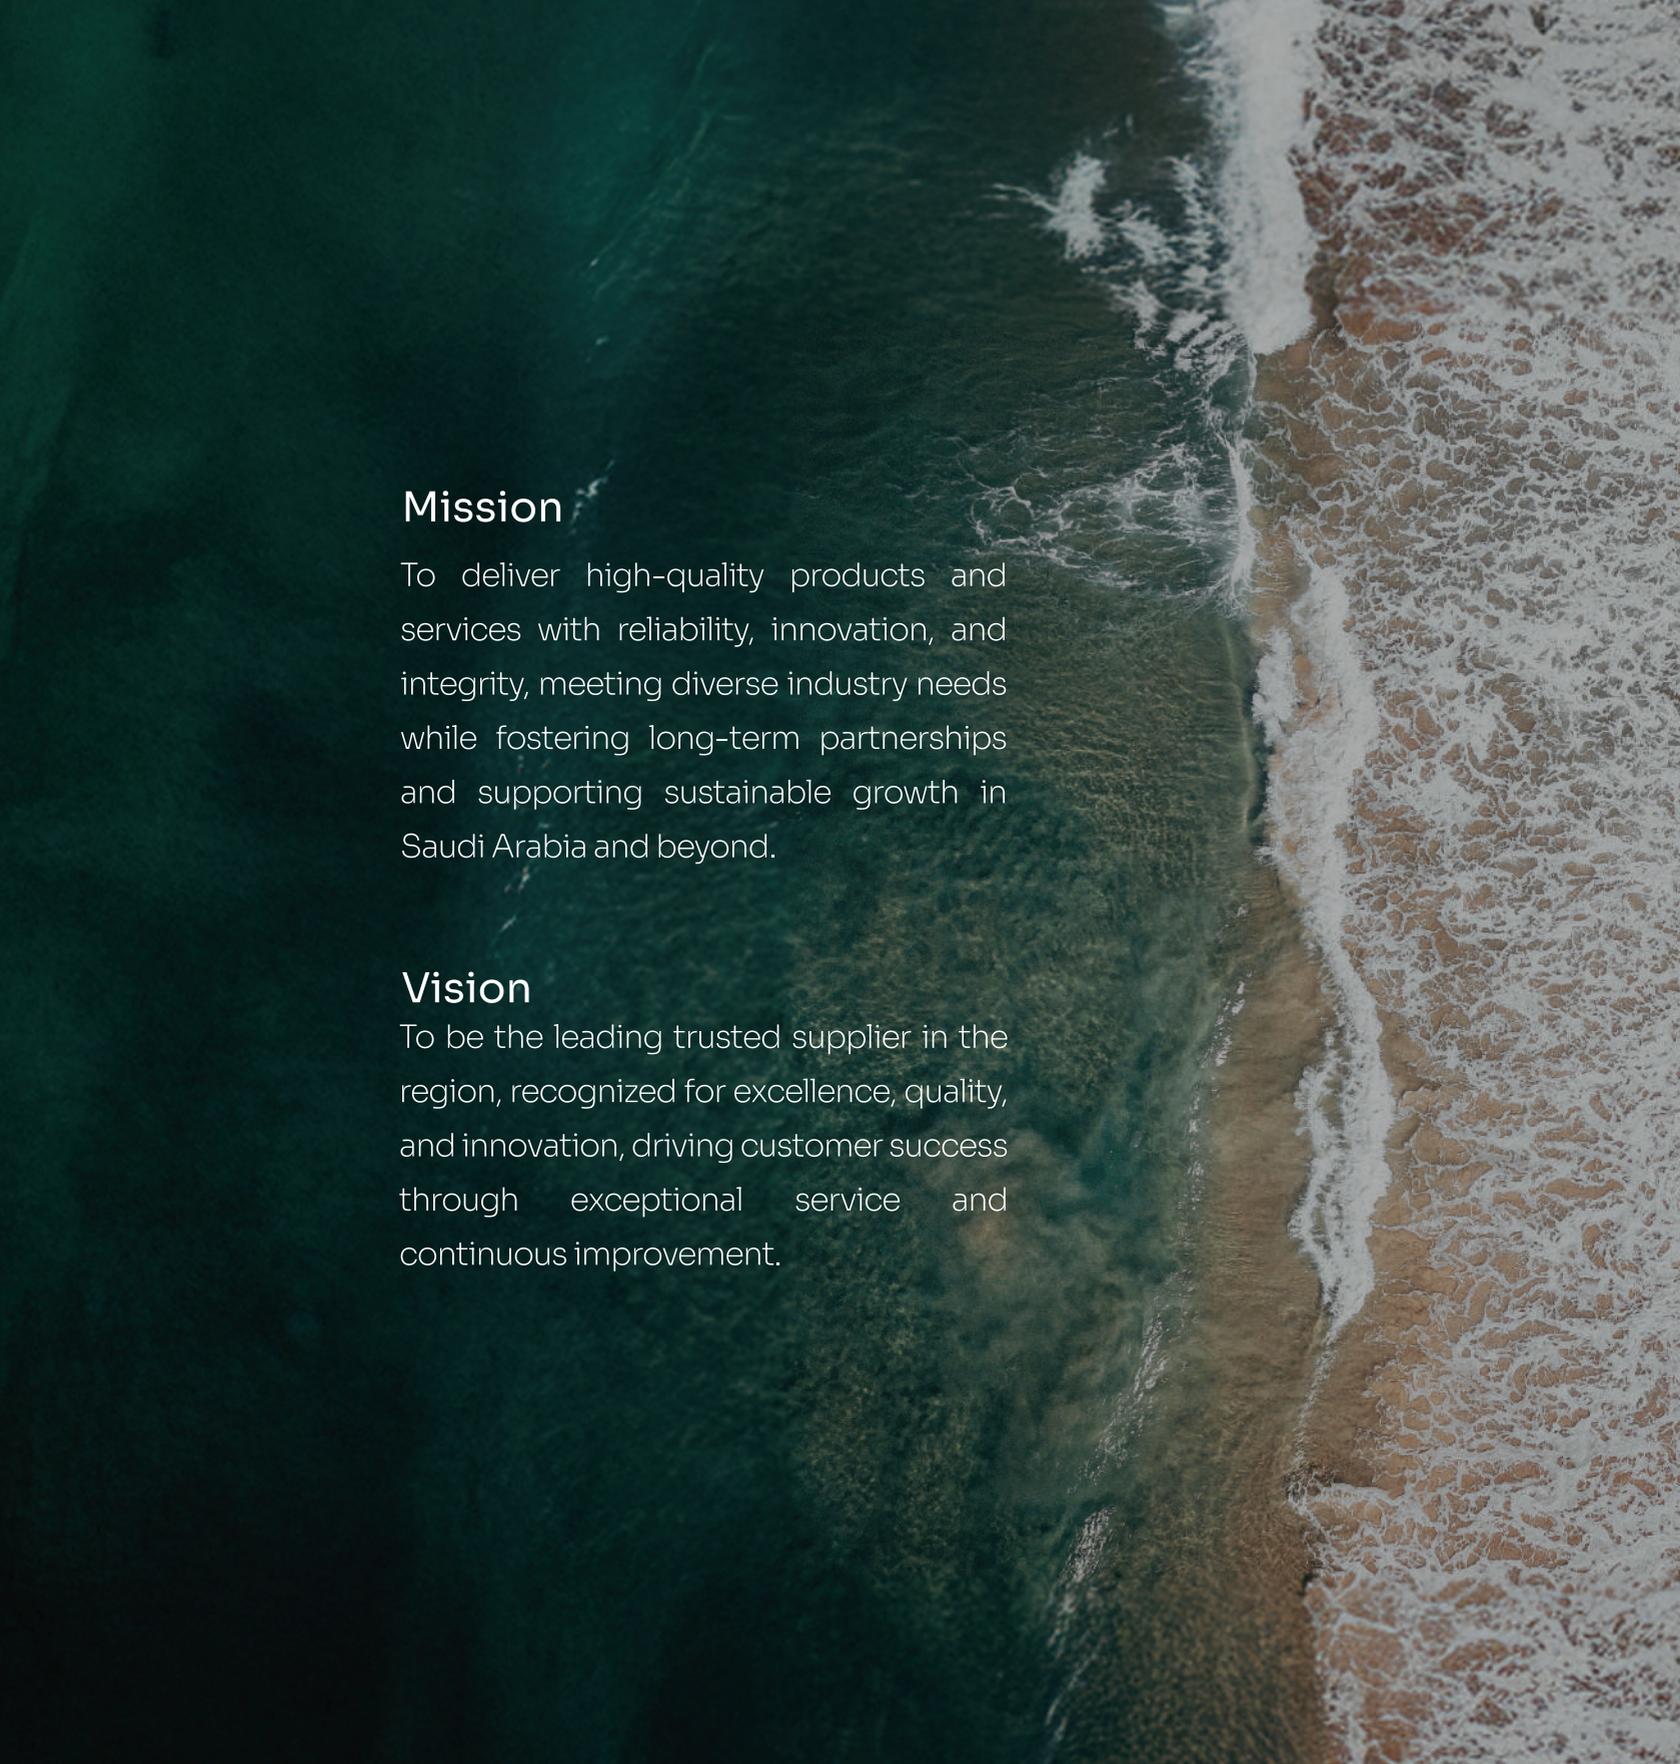

## Our Journey

The story of Hussain Al Khair Trading began in 1997 when our founder, Mr. Aboobacker Haji, established Choice Trading Est. with a single GMC B10 truck. His first order was to supply fresh vegetables and fish to four vessels – a humble beginning that laid the foundation for our growth.

Through dedication and consistency, the business steadily expanded. From supplying just four vessels, we now serve a broad base of vessels and clients across Saudi Arabia. To strengthen operations, we set up corporate offices in Saudi Arabia, Bahrain and India.

In recognition of our expanding services and growing reputation, Choice Trading Est. was rebranded to Hussain Al Khair Trading Co., carrying forward the same vision, values, and commitment to excellence.

Today, we handle more than 6,000+ products, operate 25+ vehicles, manage 7+ warehouses in Dammam & Jubail, and employ 114+ skilled professionals – a true testament to how a one-man venture evolved into a regional leader.

An aerial photograph of a beach. The ocean is a deep, dark teal color, transitioning to a lighter, sandy brown near the shore. White, frothy waves are crashing onto the beach from the right side of the frame, creating a textured, bubbly appearance. The beach itself is a mix of light tan sand and darker, wet sand near the water's edge.
