SHUN KONG OVERVIEW

Established in 2012, Shun Kong is a high-tech enterprise specializing in electrical automation engineering and industrial component sales. After more than 10 years of dedicated efforts, continuous development, and a focus on innovation, our business has gradually expanded from land automation to include ship automation services.

Upholding a customer-centric service philosophy, Shun Kong is committed to delivering efficient, one-stop maritime technical service solutions for clients in the shipping industry. In 2021, Shun Kong established its subsidiary in the UK, Shun Kong Marine Electric Technology Limited, and reorganized Shun Kong Electrical Engineering Co., Ltd. into two divisions: the Marine Division and the Land Business Division.

Marine Division Services

The services provided by the Marine Division include:
Supply of Marine Equipment and Spare Parts
Ship Repairs
Diesel Engine Spare Parts Reconditioning

In the Marine Spare Parts Business, Shun Kong has signed authorized agent agreements with many well-known international and domestic marine brands.

The Marine Service team consists of professional technicians with decades of experience in ship technology, including expertise in ship hulls, engines, and electrical systems. The team has obtained authorization and training qualifications from various international and domestic manufacturers, covering several prominent diesel engine brands (e.g., MAN, Shaanxi-Daihatsu), turbochargers (e.g., Mitsubishi, MAN, KBB, ABB), governors (e.g., Woodward, Heinzmann, Europa), deck machinery, ICCP & MGPS, etc. For Diesel Engine Spare Parts Reconditioning, Shun Kong partners with authorized refurbishment workshops that have been certified by Kawasaki Heavy Industries and Hitachi Shipbuilding in Japan.

Marine Service (24/7)

Shun Kong's service network spans ports and shipyards across China, as well as multiple international regions. Our technical service offerings include:
Diesel Engine and Turbocharger Services
Shipwide Electrical and Automation Services
Hydraulic Services
Air Conditioning and Refrigeration Services
Port and Voyage Repair Services
Hull and Deck Machinery Services
Propulsion System Services
Workshop Services

This structure enhances readability and clarifies the core services and organizational structure.

ONE STOP MARINE EQUIPMENT SOLUTION >>>

CONTENTS SHUNKONG MARINE

Engine&Machinery Service

- Diesel Engine Service
- Turbocharger
- Boiler
- Governor
- Air compressor
- Plate heat exchanger cleaning
- propeller/Tail shaft

Deck Business

- Crane annual inspection Repair
- Steering gear system overhaul
- Windlass / Mooring winch repair
- Hydraulic motor/pump overhaul

Automation Service

- Boiler / Incinerator automation service
- Level gauging / Draft gauging system
- Valve remote control system
- Fire detection & alarm system
- Viscometer and flowmeter calibration
- 15PPM calibration
- MGPS & ICCP

Other Services

- Elevator inspection & repair / Wire ropes renewal
- Air Conditioner and Refrigeration System Service
- Accommodation ladder repairing and replacement
- General fabrication/machining

Communication

- Radar/GPS/Magnetic Compass

ME / AE components reconditioning

Engine services

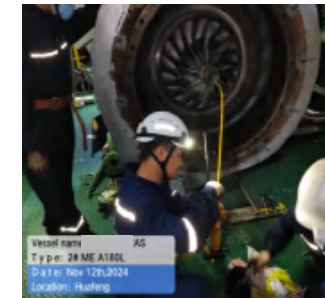

Diesel engine/ME (MAN/Mitsubishi/Hyundai/Wärtsilä/WinGD/Daihatsu/Shaanxi Diesel Heavy Industry/CMP-MAN)

Generator /AE(MAN/Daihatsu/Yanmar/China marine-XianDai/Fenxi Machinery plant CSIEM)

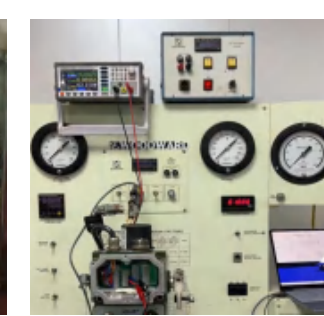

Turbocharger(ABB/MAN/MHI(Mitsubishi)/KBB/IHI)

Boiler(AALBORG/KANGRIM/SAACKE/MIURA/OSAKA)

Governor(Woodward/HEINZMANN/REGULATEURS EUROPA/Zexel)

Air compressor

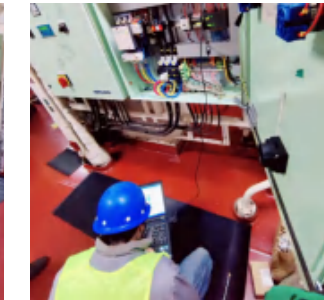

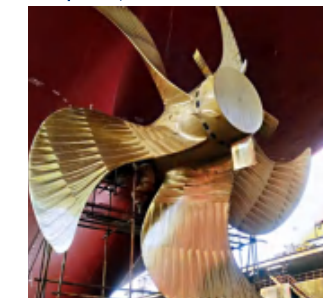

Plate heat exchanger cleaning(Alfalaval/GEA (GEA Westfalia)/Sondex)

Propeller / tail shaft

Deck machinery

Crane annual inspection Repair

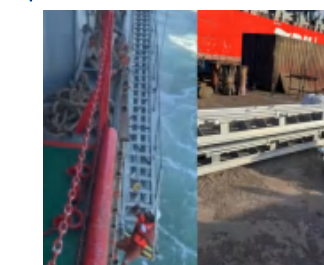

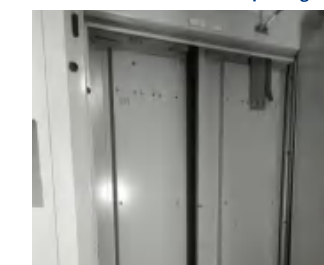

Windlass / Mooring winch repair

Other Services

Elevator inspection & repair / Wire ropes renewal
Accommodation ladder repairing and replacement

Air Conditioner and Refrigeration System Service
General fabrication/machining
