denature fluid for safe disposal.

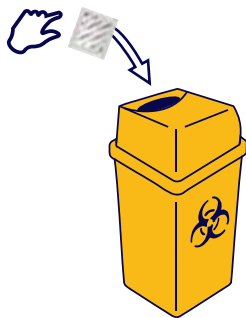

OUR SUPER ABSORBENT POLYMER

What Is SafetyGel®?

The SafetyGel® range includes an array of liquid waste control tools. Inside every product are super-absorbent SafetyGel® granules made from our non-toxic formula.

Each gram of SafetyGel® granules is capable of absorbing and denaturing up to 170ml of fluid for simple and safe disposal.

Intended Uses

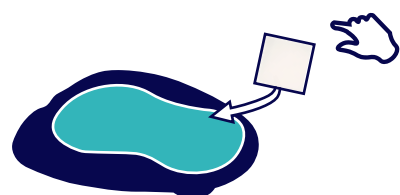

Infection Control
SHARPS CONTAINERS

Hazardous Spill Cleanup
CHEMICALS, BLOOD, URINE

Travel Sickness & Emergencies
LAND, AIR OR SEA TRAVEL

Incontinence Care
BEDPANS, COMMODOES, URINALS

Granules

Shaker Pots

Tubs

SafetyGel® super absorbent & fast-acting granules rapidly convert liquids such as urine, vomit and blood into an easily disposed solid, also absorbing odours.

Shaker Pots & Tubs contain varying volumes of SafetyGel® granules. 1g of SafetyGel® absorbs up to 170ml of fluid.

475g Shaker Pot

SKU: SGS475

1.5kg Tub

SKU: SGTUB15

4.5kg Tub

SKU: SGTUB45

Fast-Acting Sachets

2g Sachets

7g Sachets

SafetyGel® Super-Absorbent Fast-Acting Sachets contain a portion of SafetyGel® granules within our patented water-soluble seal for quick activation in a compact package. Each box contains 100 sachets.

SafetyGel® 2g Sachets, or 'SaferSharps®' are designed for denaturing sharps waste, but are also ideal for small spills from samples.

2g Sachets

SKU: SG2GSAFERSHARPS

Absorption: 340ml

7g Sachets

SKU: SGPS1.2L

Absorption: 1.2L

GelPads

10cm X 10cm

20cm X 20cm

SafetyGel® GelPads rapidly absorb and solidify fluid, trapping bodily waste and odours for secure disposal.

Designed for use with pulp urinals, sick bowls and other clinical waste, GelPads are especially effective for help toileting vulnerable patients or the elderly. Each box contains 100 pads.

10cm X 10cm GelPads

SKU: SGPADVUN1L

Absorption: 1L

20cm X 20cm GelPads

SKU: SGPAD4L100

Absorption: 4L

Vomit and Urine Bags

Vomit & Urine Absorbing Bag

With a capacity of 1000ml, SafetyGel® Vomit and Urine Bags rapidly absorb and trap bodily fluids for secure disposal. Containing the fast-acting SafetyGel® formula, Vomit and Urine Bags also absorb odours.

For after usage, the bags are equipped with an adhesive strip and grip seal to ensure secure containment and disposal.
