SALCOR
— SUPPLY —
Marine Supply Solutions

Ship Supply & Technical Services

A reliable marine supply partner for vessels calling at Algeciras, Gibraltar and ports throughout Spain and Portugal.

ALGECIRAS

GIBRALTAR

SPAIN

PORTUGAL

Built for Maritime Operations

Fast quotations, reliable sourcing and practical delivery coordination.

SALCOR SUPPLY S.L. is a marine and ship supply company based in Algeciras, strategically located next to the Port of Algeciras and Gibraltar.

Our team brings more than 20 years of maritime sector experience, supporting ship owners, managers, operators, agents and purchasing departments with responsive supply solutions.

Fast response

Quick handling of urgent and routine RFQs.

Reliable coordination

Delivery planning aligned with vessel schedules.

Practical sourcing

Local stock, national suppliers and European partners.

Core Supply Scope

One point of contact for general, technical and operational vessel requirements.

Technical Stores

Engine, deck, electrical, hydraulic, tools, consumables and operational equipment.

Spare Parts

OEM and equivalent spares through a broad supplier network.

Provisions & Bonded

Fresh, frozen, dry provisions, crew supplies and bonded stores.

Deck & Engine Stores

Ropes, hoses, fittings, valves, filters, bearings, pumps and maintenance items.

Safety & PPE

PPE, LSA/FFE related supplies and safety consumables.

Cabin & Galley

Housekeeping, galley, cabin, stationery and crew comfort items.

Technical Support Capability

Commercial supply backed by selected service coordination and specialist partners.

- Pumps, compressors, motors, filters and filtration items.
- Hydraulic, cranes, hatch covers and related equipment support.
- Valves, pipes, tubes, couplings, steel and industrial fittings.
- Electrical, automation, radio and navigation items upon request.
- Chemicals, paints, lubricants and cleaning products.

Reliable by design

We focus on clear scope, honest lead times, competitive pricing and dependable delivery coordination. When specialist attendance is required, we work through qualified providers and confirm availability before commitment.

Port Coverage

Local response for Algeciras and Gibraltar. Wider Spanish port coverage quoted case-by-case depending on urgency, volume and cargo type.

Portugal coverage supported through an experienced local partner network, subject to port and scope confirmation.

Why Work with SALCOR

Ar

01

Maritime experience

20+ years of practical experience in ship supply, port calls and vessel operations.

02
