

Led is the future and Kerger welcomes it!

We offer you a wide variety of high quality KERled from stock. Built to last, our led range offers a perfect and exact retrofit led alternative to any incandescent or saving lamp.

KERled Marine Bulbs

We offer borderless possibilities thanks to an extensive voltage range (100-240V & 12-60V) and help you source any specialty led lamp you might possibly need.

Check out our full range of high quality marine leds.
