

A.L. DON CO.

SOLAS-MAX Pilot and Debarkation Ladders

A.L. DON is proud to offer its line of SOLAS Ladders where U.S.C.G. Approval is not required.

These ladders are manufactured to meet and exceed all **NEW SOLAS** Regulations and **IMO** Standards, and ISO 799-1:2019/ ISO 5489-2008 but with the same patented design as found in our U.S.C.G. Approved Ladders.

Unlike other SOLAS Ladders, steps can be replaced quickly and easily right on board without unstringing the ladder or the need for any special tools.

FEATURES:

- Replaceable steps to original construction
- Non-Skid Grit applied to the surface of all steps using 2-part epoxy
- These ladders are made with synthetic PolyPro-Dacron suspension ropes with a white outer jacket with a safety core of a contrasting color to the outer jacket
- Patented clamping device made from DuPont High Impact Strength Surlyn HP for quick step replacement with no special tools

SOLAS-MAX DEBARKATION LADDER
